\$615

A Powerful Motor

Roadster \$595
Model 75, f. o. b. Toledo

Here is the car that all America has waited for.

Here is the car that all America is buying faster than we can produce.

You've got to have a car.

But you don't have to pay a large price. Not do you have to be satisfied with a small, uncomfortable car which keeps you in a state of mental dissatisfaction and physical discomfort.

The \$615 Overland solves the problem.

Seats five comfortably—no crowding or jamming.

Cantilever rear springs—

Soft, deep upholstery built up over long spiral springs—

And four-inch tires.

These features make it ride easier than many of the big high-priced cars.

It has a powerful and snappy en bloc motor—

Is electrically started and electrically lighted—

Has electric control buttons on steering column—

And all the very latest touches of up-to-date-ness and refinement.

It is light and economical, but with good style, beautiful finish and phenomenal riding comfort.

Only \$615.

And that's complete. Everything with it. Nothing extra to buy.

You've got to have a car. Order this Overland.

NO ALIENS AS CONSULS

Plan to Americanize the Diplomatic Service Being Considered

12 SECRETARIES OF LEGATIONS NEEDED

Move to Restore Sugar Tariff Meets Delay—Nitric Acid Plant

Washington, March 11.—Provision to bar all foreigners from the diplomatic and consular service in any position whatever was written into the diplomatic and consular bill yesterday by the House foreign affairs committee. With another provision that the president may designate any ranking secretary of embassy as counselor to rank with foreign diplomatic officials, the bill carrying \$5,000,000, was ordered favorably reported to the House.

Under the new provisions foreigners could be employed as vice consuls, as now is the custom, only until American citizens could be found for the posts. There now are eighty-two foreigners employed as vice consuls of the United States. The new policy received the sanction of the state department.

The bill provides for twelve additional secretaries of legation. Secretary Lansing advised the committee that to provide the missions at the belligerent capitals with sufficient secretaries to carry on the work, the state department had been obliged to leave eight legations without secretaries.

Another outcome of the war is an entirely new appropriation of \$100,000 for "post allowances for consular officers," to pay them additional compensation, in the discretion of the state department, on account of the increased cost of living abroad.

Sugar Tariff Bill Delayed.

Consideration of the free sugar repeal bill, which was to have been taken up in the House yesterday, probably will be delayed until some time next week. Extended debate on the pending legislative appropriation bill has upset plans of public leaders. Representative Kitchen, the majority leader, says he will not call a meeting of the ways and means committee to deal with other revenue measures until after May 1, by which time he hopes to have an estimate of the money that will have to be raised for all purposes, including the preparedness program.

In order to insure passage of the forthcoming income tax measure, some Democrats are urging that it be incorporated in a general bill with the tariff commission proposal, which Republicans generally are expected to support.

Urges Waterproof Development.

An educational campaign is to be begun with headquarters here in an effort to eliminate possible objections to the passage of measures now before Congress which would authorize the development of waterpower.

\$3,000,000 Added to Indian Bill.

The annual Indian appropriation bill was reported by the Senate committee Thursday with \$3,000,000 added to the total of \$9,000,000 carried by the measure as it passed the House. Increases include \$900,000 for irrigation projects on Montana Indian lands to \$75,000 for common schools in Oklahoma Indian districts, and \$175,000 for an irrigation project on the Gila river, near Florence, Ariz.

A provision inserted by the Senate committee would authorize the Indian commissioner to negotiate agreements for final settlement of any outstanding tribal claims against the United States.

For Federal Nitric Acid Plant.

Establishment of a nitric acid plant for the use of the government for making explosives is proposed in a bill by Senator Myers. A commission would investigate whether the Flathead power project near Polson, Mont., is suitable for production of cheap hydro-electric power to operate an atmospheric nitrogen plant. The plant would be operated in time of peace principally for the production of fertilizer.

New Coast Guard Cutter.

The Senate has passed a bill appropriating \$825,000 for three new coast guard cutters for New York harbor, the Pacific coast and Alaska, and \$240,000 for three river steamers to relieve flood sufferers on the Mississippi and its tributaries. The cutters for the Pacific coast and Alaska replace the Perry and Tacoma, which struck uncharted reefs and sank in Alaskan waters. That for New York will be equipped for ice-breaking.

Uniform Bill of Lading.

Senator Pomeroy's bill for a uniform bill of lading has passed the Senate.

MEASURE OF RELIEF.

New Haven Railroad Will Help New England.

New York, March 11.—A four day suspension of all its existing embargoes except that on soft coal was announced yesterday by the New York, New Haven & Hartford company as a measure intended to afford relief to New England industries in urgent need of material to avoid closing their plants.

The embargoes were lifted at midnight last night and reinstated at midnight Tuesday.

It is stated that the embargo suspension is not an indication of easier conditions for the New Haven, but has been arranged in order to meet extreme conditions.

Cold Sores and Fever Blisters

are only outward manifestations of the inflammation of the mucous surface that lines the lungs, the stomach and all the digestive tract, but they give you evidence of how sore a membrane may become as a result of inflammation, which is stagnation of the blood, rightly called acute catarrh.

If you suffer from such conditions don't let them become chronic, don't run the risk of systemic catarrh.

Clear it Up With PERUNA

When your system is cleared of all its poisons, the membranes soothed and healed, the cold gone and your digestion restored, you will enjoy life, feel equal to all its tasks, and be at peace with the world. Let Peruna do for you what it did for this sufferer:

Mrs. L. A. Patterson, 238 Utah Avenue, Memphis, Tenn. says:

"I have been a friend of Peruna for many years. I have used it off and on for catarrhal complaints and found it a very excellent remedy. I have a small family of children. Times are hard with us, but I can scarcely afford to do without Peruna, especially during the season of the year when colds and coughs are prevalent. We always recommend Peruna to our neighbors, for the benefit it has been to us."

You needn't suffer longer with such a remedy at hand.

Peruna can be obtained in tablet form. You can carry it with you and take it systematically and regularly for a remedy, or as needed for a preventive. Get a box today.

SALT RHEUM IN WATER BLISTERS

On Hands, Red and Rough. Would Crack Open and Itch and Burn. Could Not Sleep.

HEALED BY CUTICURA SOAP AND OINTMENT

"I had salt rheum on my hands. It came in little water blisters which began to itch and fester and then I was treated but it did me no good. My hands were red and rough and would crack open and bleed and they would itch and burn so that I irritated them by scratching, causing disfigurement. I could not sleep and I could not do work of any kind."

"At last I sent for a sample of Cuticura Soap and Ointment. The sample did so much good that I bought one bar of Cuticura Soap and one box of Ointment, and in a short time I was perfectly healed." (Signed) Miss Lena M. Goodale, 120 Mrs. Vernon Ave., Augusta, Me., Sept. 17, 1915.

DEATH OF BURLINGTON WOMAN.

Mrs. John H. Traill Had Lived in That City for 35 Years.

Mrs. Charlotte E. (Wetmore) Traill, wife of John Hunter Traill, died Thursday afternoon at her home at 26 Lafayette place. Mrs. Traill had been ill for two months, but it was not until a day or two before her death that her condition was considered serious.

Mrs. Traill was born Sept. 30, 1851, in St. George, N. B., the daughter of Justus and Mary Leavitt Wetmore. After her marriage to Mr. Traill they resided for a year in New Brunswick, coming to Vermont 35 years ago and living since that time in Burlington. Besides her husband, she is survived by two sons and one daughter, James J. Traill, of Minneapolis, and John E., treasurer of the T. S. Peck Insurance agency, and Lottie W. Traill of this place. There are also a brother, G. K. Wetmore of Ottawa, and a sister, Mrs. Alexander Milne of St. George, N. B. Mrs. Traill had been for many years a member of the College street church.

WOODBURY

Mr. and Mrs. Victor Hood were visitors of Mr. and Mrs. Louis Daily the first of the week.

Mrs. John Hannigan was a visitor in St. Johnsbury Tuesday.

Billy Dawson, who had the misfortune to get two toes crushed while at work at the grey quarries, is gaining rapidly. H. S. Benjamin was a business visitor in Worcester Saturday.

Mrs. Philip Hennesberry and two children of Boston are guests of Mrs. Hennesberry's sister, Mrs. John Hannigan. C. H. Dana was in Montpelier the last of the week.

Olie Thomas, who is attending People's academy, is at home for a two weeks' vacation.

Nearly all the schools in town were represented at a prize speaking exhibition in the new school building Friday evening, March 3. There were 12 contestants and the prizes were awarded as follows: First prize for girls, Muriel Wheeler; second for girls, Edna Harvey; first for boys, Paul Ainsworth; honorable mention, Miss Lydia Hall. After the speaking the children enjoyed a prom-

nade and all went home feeling well paid for the enjoyable affair.

The following officers were elected at town meeting: Moderator, Charles H. Dana; town clerk, Perry L. Benjamin; treasurer, Charles B. Dana; lister, C. A. Cady, R. M. Pray; selectman, R. J. Tassie; school director, Martin McKinstry; overseer of the poor, R. E. Darling; road commissioner, A. L. Benjamin; constable, Martin Clark; second constable, Martin Clark; tax collector, Martin Clark.

SOUTH CABOT

Mrs. Hayes Bassett and little daughter, Madine, were visitors in Barre from Saturday until Wednesday.

Fred Allen of Peacham was at W. O. Southwick's Thursday.

J. W. Butterfield of North Montpelier was in this place on business Wednesday.

At the speaking contest of the schools in town, held at Cabot Wednesday evening, March 8, Kenneth Bassett won first prize and Ernie Bashaw third in the elementary class from this school. That is speaking well for our rural schools.

It is said that Jack Foster drew the largest load of logs which has been drawn this winter from the Edgar Kidder woods to the mill at Marshfield, drawing a load of 1040 feet of hard wood up the sharp pitch known as the meetinghouse hill with a pair of horses weighing about 2,400.

Mrs. C. W. Houghton was in St. Johnsbury on business Wednesday.

Miss Geneva Smith of Cabot has been visiting for a few days at her uncle's, Charles Houghton.

The many friends of Mrs. Inez Perkins, who underwent an operation at the Barre hospital about a week ago, will be pleased to learn that she is on the gain. It is hoped she will have a speedy recovery.

Professor—Aren't you taking my course next year?
Student—Can't possibly. I walk in my sleep.—Lampoon.

MOB HORSEWHIPS A WIFE-BEATER

Physician and Druggist Taken from His Home and Tied to Telegraph Pole.

Mattoon, Ill., March 11.—A masked mob took Dr. C. W. Kimbrey, a physician and druggist, accused of beating his wife with a poker, from his home at Alleville, ten miles from here, tied him to a telegraph pole, beat him with horsewhips and then left him on the steps of the county jail, where he was later locked up. His wife is in the hospital here in a critical condition, suffering from the beating and pneumonia.

RUB RHEUMATISM PAIN FROM SORE, ACHING JOINTS

Rub Pain Away with a Small Trial Bottle of Old "St. Jacob's Oil"

What's rheumatism? Pain only. Stop drugging! Not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacob's Oil" directly upon the "tender spot," and relief comes instantly. "St. Jacob's Oil" is a harmless rheumatism and sciatica liniment, which never disappoints and cannot burn the skin.

Lumber up! Quit complaining! Get a small trial bottle from your druggist, and in just a moment you'll be free from rheumatic and sciatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. Old, honest "St. Jacob's Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings. —Adv.
